## Incident Report:

### SAF occupation of Al-Amal Hospital

**Summary:** CIR analysts have verified video circulating on 10 July 2023, showing the Sudanese Armed Forces (SAF) occupying a hospital and setting up firing positions.

**Detail:** On 10 July 2023 a video was shared by an individual on TikTok that showed SAF soldiers occupying a hospital room and setting up a firing position on the road outside (Figure 1, link withheld for privacy reasons).

The RSF have been accused by the Preliminary Committee of the Doctors Syndicate of occupying medical sites (seen in a statement posted on [Facebook](#)). The SAF have subsequently bombed medical sites that they have claimed are under RSF occupation. This resulted in the destruction of some of Khartoum's largest hospitals, such as the East Nile Hospital as seen in another video posted and verified by a CIR [Investigator](#)
